

Polycom® SoundPoint® IP 500

Mid-featured IP telephone for business communications

Benefits

Proven – Polycom is a leading independent supplier of standards-based award winning IP telephones

Acoustic Clarity Technology – Polycom's legendary technology that allows simultaneous natural conversation (full duplex)

Multi-line support – Configure up to three lines with individual status display

Flexibility – Choice between handset, headset, or natural two-way (full-duplex) speakerphone mode and choice of protocols and Technology Partner solutions

Easy-to-use – 12 dedicated feature keys and four context-sensitive soft keys, Grayscale graphical 160x80 pixel LCD

Choice of powering options – Support for AC power (included) and Power over Ethernet options (sold separately)

High quality, reliable 3-line business telephone with easy, one button access to the most important features.

The SoundPoint IP 500 is a three-line Voice over IP telephone that seamlessly integrates with IP PBX and Softswitch vendors' IP solutions. As protocols develop and standards evolve, it's easy to update the phones in the field via a software download, enabling new features and functionality. Whether you deploy H.323, MGCP, or SIP standards, Polycom offers a solution that fits all your business communication needs.

Enhanced productivity

An intuitive user interface offers dedicated, one button access to common telephony features, and an information-rich display delivers content for messaging, call information, directory access, and applications. Suitable for everyday users, the SoundPoint IP 500 offers superb voice quality when used with a handset or in hands-free speakerphone mode. This enhances the productivity of your business phone calls, because you can spend less time trying to understand what other people are saying, and more time communicating with them.

The mid-featured IP handset for Polycom communication and collaboration solutions

With integrated video, voice, data, and Web capabilities, Polycom offers the only solution that gives you an easy way to connect, conference, and collaborate any way you want. It's our commitment to making distance communications as natural and interactive as being there. Work faster, smarter, and better with the SoundPoint IP 500 and Polycom's integrated communication solutions.
